

# MELDESTELLE

INSTITUTION FOR REPORTING DISCRIMINATING  
INCIDENTS IN FRANKFURT (ODER)

## WHAT DO WE DO?

We record incidents that are racist, extreme right-wing, anti-semitic, anti-LGBTQIA\* or in any other way discriminating. We not only document incidents that are relevant under state law, but also incidents of bullying, smearings, threats and everyday observations - whether at school, in the supermarket, on the bus or in a bar. We also help with referrals to counselling and support services.

## HAVE YOU WITNESSED OR EXPERIENCED A RIGHT-WING INCIDENT?

Please report to us! Every reported incident helps to make the current situations and extent of right-wing actions and networks visible. We work confidentially and anonymously. Everything you write to us will remain with us and will only be published anonymously as an incident if it does not allow any conclusions to be drawn about you or the people affected.
